Aircraft/Pavement Interaction: An Integrated System : Proceedings of a Conference

Aircraft/Pavement Interaction: An Integrated System : Proceedings of a Conference
These proceedings detail aeronautical and civil engineering communication on issues that affect each other's systems. The volume examines current subjects pertaining to design and performance of airfield pavements as related to the pavement designer/builder/maintainer and the aircraft/designer/builder operator. Topics include materials characterisation and construction practices and airfield pavement design considerations for aircraft operations.
