El Kybalión: La Filosofía Hermética (Spanish Edition)

Tres Iniciados

El Kybalión: La Filosofía Hermética (Spanish Edition) Tres Iniciados
Sin duda podemos considerar El Kybalión como una de las obras fundamentales sobre esoterismo y hermetismo, y que más han influido en las corrientes de pensamiento espiritual del siglo XX. Escrita originalmente en 1908 por William Walker Atkinson, fue publicada bajo el pseudónimo de Tres Iniciados , quizás en alusión al dios Hermes Trismegisto, llamado el tres veces grande , fuente mítica de las enseñanzas que desde la noche de los tiempos, los iniciados se han trasmitido de manera secreta y privada. Entre sus páginas podemos encontrar una extensa descripción de las Siete Leyes Herméticas (mentalismo, correspondencia, vibración, polaridad, ritmo, causa y efecto y generación) explicadas de manera magistral y sobre las que se asienta toda la filosofía hermética. Según el autor, estas leyes constituyen la clave de bóveda para comprender todos los misterios ocultos del universo, al mismo tiempo que nos permiten dominar las fuerzas que constantemente dirigen nuestra vida. Con prólogo de Hugo Casas, Gran Maestro de la Antigua y Mística Orden de la Rosa-Cruz (AMORC), esta edición electrónica ha sido revisada y corregida para ofrecer a todos los que se interesan por el hermetismo, el esoterismo y la espiritualidad, una de las mejores y más famosas obras que en este sentido ha dado el siglo XX. Un texto fundamental que no puede faltar en su colección y que le adentrará en el corazón del esoterismo egipcio, revelándole sus secretos.
