Gods and Planets: The Archetypes of Astrology

Ellynor Barz

Gods and Planets: The Archetypes of Astrology Ellynor Barz
Barz, an astrologer and Jungian analyst, leads us through the world of astrology, examining both its symbols and its symbolic nature. She explains that astrology itself is a symbolic system (not a science), thus its contents possess inherent archetypal qualities and significance.

The author's exploration of the planetary gods and their relationship to Jungian psychology opens up a realm of psychic possibilities.
