The Spirit of China 2013 Wall (calendar) Michael Kenna
Michael Kenna's work has often been described as enigmatic, graceful and hauntingly beautiful, imbued with a calm and sense of timelessness. The simplicity and clarity of his images invite the viewer into an ethereal realm of shadow and light revealing a unique and individual interpretation. Kenna's photographs are often made at dawn or in the dark hours of night with exposures up to 10 hours. He says, You can't always see what's otherwise noticeable during the day . . with long exposures you can photograph what the human eye is incapable of seeing.
