**Automated EEG-Based Diagnosis of Neurological Disorders: Inventing the Future of Neurology** Hojjat Adeli, Samanwoy Ghosh-Dastidar

Based on the authors' groundbreaking research, **Automated EEG-Based Diagnosis of Neurological Disorders: Inventing the Future of Neurology** presents a research ideology, a novel multi-paradigm methodology, and advanced computational models for the automated EEG-based diagnosis of neurological disorders. It is based on the ingenious integration of three different computing technologies and problem-solving paradigms: neural networks, wavelets, and chaos theory. The book also includes three introductory chapters that familiarize readers with these three distinct paradigms.

After extensive research and the discovery of relevant mathematical markers, the authors present a methodology for epilepsy diagnosis and seizure detection that offers an exceptional accuracy rate of 96 percent. They examine technology that has the potential to impact and transform neurology practice in a significant way. They also include some preliminary results towards EEG-based diagnosis of Alzheimer's disease.

The methodology presented in the book is especially versatile and can be adapted and applied for the diagnosis of other brain disorders. The senior author is currently extending the new technology to diagnosis of ADHD and autism. A second contribution made by the book is its presentation and advancement of Spiking Neural Networks as the seminal foundation of a more realistic and plausible third generation neural network.

**From reader reviews:**

**Dave Thomas:**

Book is to be different for each and every grade. Book for children until finally adult are different content. To be sure that book is very important for all of us. The book Automated EEG-Based Diagnosis of Neurological Disorders: Inventing the Future of Neurology had been making you to know about other expertise and of course you can take more information. It is very advantages for you. The publication Automated EEG-Based Diagnosis of Neurological Disorders: Inventing the Future of Neurology is not only giving you more new information but also being your friend when you truly feel bored. You can spend your own personal spend time to read your guide. Try to make relationship with all the book Automated EEG-Based Diagnosis of Neurological Disorders: Inventing the Future of Neurology. You never really feel lose out for everything in case you read some books.

**Armando Rodgers:**

This Automated EEG-Based Diagnosis of Neurological Disorders: Inventing the Future of Neurology usually are reliable for you who want to certainly be a successful person, why. The main reason of this Automated EEG-Based Diagnosis of Neurological Disorders: Inventing the Future of Neurology can be one of many great books you must have is usually giving you more than just simple reading food but feed anyone with information that might be will shock your earlier knowledge. This book is actually handy, you can bring it almost everywhere and whenever your conditions in the e-book and printed ones. Beside that this Automated EEG-Based Diagnosis of Neurological Disorders: Inventing the Future of Neurology forcing you to have an enormous of experience like rich vocabulary, giving you tryout of critical thinking that we understand it useful in your day task. So , let's have it and revel in reading.

**Frances York:**

As we know that book is vital thing to add our knowledge for everything. By a book we can know everything we want. A book is a group of written, printed, illustrated as well as blank sheet. Every year had been exactly added. This reserve Automated EEG-Based Diagnosis of Neurological Disorders: Inventing the Future of Neurology was filled in relation to science. Spend your free time to add your knowledge about your scientific disciplines competence. Some people has diverse feel when they reading any book. If you know how big benefit of a book, you can truly feel enjoy to read a book. In the modern era like right now, many ways to get book that you just wanted.

**Veronica Turner:**

Do you like reading a guide? Confuse to looking for your selected book? Or your book seemed to be rare? Why so many concern for the book? But just about any people feel that they enjoy intended for reading. Some people likes reading through, not only science book but also novel and Automated EEG-Based Diagnosis of Neurological Disorders: Inventing the Future of Neurology or others sources were given

knowledge for you. After you know how the truly great a book, you feel want to read more and more. Science e-book was created for teacher or maybe students especially. Those ebooks are helping them to put their knowledge. In some other case, beside science guide, any other book likes Automated EEG-Based Diagnosis of Neurological Disorders: Inventing the Future of Neurology to make your spare time considerably more colorful. Many types of book like here.
