The General Strike (Non-Fiction)

Julian Symons

The General Strike (Non-Fiction) Julian Symons
In May 1926, Britain was gripped by what became known as the General Strike. This downing of tools lasted for nine days, during which time it divided the people, threatened the survival of the government of the day and brought the country nearer to revolution that it perhaps had ever been. In this accurate and lively account, Symons draws on contemporary press reports, letters and oral sources, along with TUC records to provide an invaluable historical account of the remarkable event and the people and places that featured so prominently in it.
