Northern Tanzania: Serengeti, Kilimanjaro, Zanzibar (Bradt Travel Guides (Regional Guides)) Philip Briggs, Chris McIntyre
Tanzania has grown to be one of the top safari destinations in Africa. This new edition of Northern Tanzania focuses solely on the northern region and Zanzibar. This area accounts for a tiny fraction of the country's surface area but around 95% of tourist developments.

Written by Africa expert Philip Briggs, the guide reflects the growing trend away from large lodges towards small exclusive eco-friendly camps in remote parts of the Serengeti and other major reserves. This edition is more critically selective than previous editions, detailing the best on offer in all price brackets. It includes new chapters on the North Coast and on the Usambara Mountains both of which offer good off-the-beaten-track travel opportunities, as well as an expanded chapter on Lake Victoria. There is in-depth coverage of Tanzania's wildlife including where to see tree-climbing lions, and a full-colour wildlife guide. Philip Briggs keeps readers up-to-date with the highly controversial proposal to build a highway through the Serengeti. Northern Tanzania is an essential travel companion for both first-time visitors and seasoned safari-goers.
