The Order of the Trees Katy Farber

Found as a baby, on a bed of moss under an old growth tree, Cedar’s beginning was a mystery. As she began her sixth grade year, Cedar resembled her namesake with her wild mane of brown hair, her sinewy body, and deer-like eyes. She makes her first true friend, a new student, Phillip, with whom she shares her special woodland spot along with the gifts
it brings.

When Cedar falls suddenly ill, Phillip discovers that her health is connected to the fate of the forest where she was found. Their special woods are threatened by an impending development, so they create a plan to save it which includes a hospital, a getaway car, and a protest.
