Wonders of the Human Body George W. Carey
The Bible, the Kaballah, the Vedas, and ancient cuneiform tablets, torn from their hiding places in the heart of Mother Nature, all hold the key to the wisdom of the ages ; and some there are who have turned the key and the door to understanding has opened. The author of this work has found the key and he has turned it. Erect and unafraid for he has nothing to lose or gain he reverently offers you that which you are seeking. He does not claim to be the only one who has discovered the key, but, working along the lines hinted at by some modern and many ancient seekers, he hereby presents the results of his many years of scientific research. He shows that the correct translations of the Greek and Hebrew scriptures plainly state that all the allegories and fables of these works refer to actual physiological facts; and the statements "Seek ye first the Kingdom of Heaven and all things shall be added unto you"; "The Kingdom of Heaven is within you", and "Be ye therefore perfect as your Father in Heaven is perfect" can be physiologically and chemically explained.
