Alienation and the Carnivalization of Society (Routledge Studies in Social and Political Thought)

Alienation and the Carnivalization of Society (Routledge Studies in Social and Political Thought)

This book examines alienation from both a sociological and psychoanalytic perspective, revisiting classic treatments of the topic (Marx, Simmel, Weber) and exploring its relevance to understanding post-modern consumer society. It examines the escapist potentials for good and for ill in modern society - those fostered by commercial interests, and those maintained by individuals and groups as their form of resisting alienation.
