Employee Body Language Revealed: How to Predict Behavior in the Workplace by Reading and Understanding Body Language Harmony Stalter
Only 7 percent of communication is verbal and 38 percent is vocal (pitch, speed, volume, tone of voice). The largest chunk then, 55 percent, is visual (body language, eye contact). People form 90 percent of their opinion about you within the first 90 seconds of meeting you. Understanding body language is a skill that can enhance your life. This understanding can be a plus in the workplace. You can know what an employee or co-worker thinks and feels by examining their subconscious body language. And, like the world's best communicators, you can have strong body language that reflects confidence, competence, and charisma. This groundbreaking new book will make you an expert on body language. You will have the ability to read people’s minds. Would you like to know if a co-worker is interested or attracted to you, when an employee or co-worker is lying or telling the truth, how to make instant friends, and persuade and influence others? This book contains proven techniques that will make people, including employers and co-workers, like you and trust you. You can use your body language to your advantage by transmitting only the messages you want people to receive. This specialized book will demonstrate step by step how to use body language to your benefit in the workplace and in everyday situations.
