Supplement Issue: Blood Purification 1996, Vol. 14, Suppl. 1 The Extramural Grant Program (EGP) is an international research funding source established in 1989. Its objectives are to stimulate and support new research ideas through the funding of science in the field of renal disease and to ultimately improve the quality of life for patients with end-stage renal disease. This special issue contains abstracts from the presentations made by the sixty-nine grant recipients at the 1995 annual EGP scientific meeting.
