From Book 1: Long Beach, California, homicide detective Danny Beckett is pouring the weekend's first shot of vodka when the call comes in: Elizabeth Williams, a teacher at nearby Warren High School, has been brutally murdered in her classroom. When Danny arrives at the school, the blood-spattered crime scene turns even his veteran stomach. What could this young woman have done to make her the target of such a violent attack? And what is the significance of the victim's left hand, taken by the killer as a grisly trophy? Beckett delves into the case with his usual tenacious cool, yet as he pieces together the facts, long-suppressed anguish from his own past rises up with stunning force. His hunt for the murderer soon morphs into a personal quest for atonement as he struggles to come to terms with the loss of his wife and family. A King of Infinite Space is a riveting crime novel that serves as a memorable introduction for Danny Beckett to the ranks of fiction's favorite hardened detectives.
