Whales and Dolphins of Atlantic Canada & Northeast United States: Field Guide Tara Stevens
Within this guide are tools to identify and appreciate the 26 species of whales and dolphins that make this region their home. From easily recognized humpback and killer whales to the elusive pygmy sperm whale, and from acrobatic white-sided dolphins to gregarious belugas, you will learn about each of their characteristics, feeding and behaviour, and habitat. Population status and threats to each species are also explored.

Inside you will find:

- Quick Tips for easy whale and dolphin identification
- Facts about whale habits, feeding, and range
- Up-to-date information on research techniques and conservation
- Colour photographs of whales and dolphins in their natural habitat
- Original portraits of each species by artist Trish Stevens
