Talk To Your Mac! Your Guide To Speech Recognition On The Mac Chuck Rogers
Imagine how much more efficient you'd be if you could simply tell your computer what to do. In fact, you can, with the speech recognition software built right into the Mac. In Talk to Your Mac, speech recognition expert Chuck Rogers teaches you how to put these features to work every day, and he introduces inexpensive third-party products that take speech even further. Up to date with Mac OS X Tiger, this unique guide covers: understanding speech recognition, selecting the right mic, training the software, voice-controlling the Mac, dictation, transcription, speech recognition and the disabled, and more. The companion website provides links and downloads of third-party speech software.
