This new book is not like others I have written. When I was at The Citizen Hearing on Disclosure watching the experts give their testimony to ex- Members of Congress I realized even the experts are often unsure of who the 'Others' are who have been visiting this Planet since its Creation. This book goes into when we all first came to Earth and our Galactic History up to the present day. It also has a lot of explanations about the players and why we had to write NESARA Law. Also it explains what is meant by Divine Government. There is an extensive Bibliography so you may explore further reading and see how far down the rabbit hole you'd like to go. I have organized the material in a way that makes it a quick read and its jammed with stuff you never knew before.
