Identity Complex: Making the Case for Multiplicity Michael Hames-Garc

In seemingly exhaustive arguments about identity as a category of analysis, we have made a critical error—one that Michael Hames-García sets out to correct in this revisionary look at the making and meaning of social identities. We have asked how separate identities—of race, class, ethnicity, gender, and sexuality—come to intersect. Instead, Hames-García proposes, we should begin by understanding such social identities as mutually constituting one another.

Grounded in both theoretical and political practices—in the lived realities of people's experience—*Identity Complex* reinvigorates identity as a key concept and as a tool for the pursuit of social justice. Hames-García draws on a wide range of examples to show that social identities are central to how exploitation works, such as debates about the desirability of sexual minority identities in postcolonial contexts, questions about the reality of race, and the nature of the U.S. prison crisis.

Unless we understand precisely how identities take shape in relation to each other and within contexts of oppression, he contends, we will never be able to eradicate discrimination and social inequality. By analyzing the social interdependence of identities, Hames-García seeks to enable the creation of deep connections of solidarity across differences.

From reader reviews:

Alan Fan:

What do you ponder on book? It is just for students since they're still students or this for all people in the world, what the best subject for that? Only you can be answered for that query above. Every person has different personality and hobby for each and every other. Don't to be pushed someone or something that they don't would like do that. You must know how great and also important the book Identity Complex: Making the Case for Multiplicity. All type of book is it possible to see on many sources. You can look for the internet solutions or other social media.

Clarice Johnson:

In this 21st centuries, people become competitive in each way. By being competitive right now, people have do something to make them survives, being in the middle of typically the crowded place and notice by simply surrounding. One thing that oftentimes many people have underestimated the item for a while is reading. Sure, by reading a reserve your ability to survive improve then having chance to stand than other is high. For yourself who want to start reading the book, we give you this particular Identity Complex: Making the Case for Multiplicity book as nice and daily reading publication. Why, because this book is more than just a book.

Teresa Propst:

Often the book Identity Complex: Making the Case for Multiplicity has a lot details on it. So when you make sure to read this book you can get a lot of gain. The book was written by the very famous author. Tom makes some research before write this book. This particular book very easy to read you can obtain the point easily after scanning this book.

Augustus Chase:

As a pupil exactly feel bored to help reading. If their teacher asked them to go to the library or make summary for some reserve, they are complained. Just tiny students that has reading's heart and soul or real their hobby. They just do what the professor want, like asked to the library. They go to generally there but nothing reading critically. Any students feel that examining is not important, boring and can't see colorful images on there. Yeah, it is being complicated. Book is very important to suit your needs. As we know that on this time, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. Therefore this Identity Complex: Making the Case for Multiplicity can make you really feel more interested to read.
