Dragonfly: An Epic Adventure of Survival in Outer Space Bryan Burrough

In this riveting account of the ill-fated American missions to MIR, bestselling author Bryan Burrough tells the incredible true story of how a joint Russian-American crew narrowly survived almost every trauma an astronaut could imagine: fire, power blackouts, chemical leaks, docking failures, nail-biting spacewalks and constant mechanical breakdowns, all climaxing in a dramatic midspace collision that left everyone on board scrambling for their lives.

Based on hundreds of hours of interviews with the cosmonauts, astronauts, Russian and American ground controllers, psychologists, and scientists involved, *Drangonfly* is the saga of a mission as fraught with political and bureaucraticintrigues as any Washington potboiler.

From reader reviews:

Patricia Smith:

What do you consider book? It is just for students because they're still students or the idea for all people in the world, exactly what the best subject for that? Just you can be answered for that issue above. Every person has various personality and hobby for every other. Don't to be pressured someone or something that they don't want do that. You must know how great as well as important the book Dragonfly: An Epic Adventure of Survival in Outer Space. All type of book is it possible to see on many resources. You can look for the internet resources or other social media.

John Folsom:

What do you about book? It is not important along? Or just adding material when you need something to explain what yours problem? How about your time? Or are you busy man or woman? If you don't have spare time to complete others business, it is give you a sense of feeling bored faster. And you have time? What did you do? Everyone has many questions above. They must answer that question simply because just their can do that. It said that about reserve. Book is familiar on every person. Yes, it is correct. Because start from on guardería until university need this particular Dragonfly: An Epic Adventure of Survival in Outer Space to read.

Sara Pacheco:

As people who live in the actual modest era should be update about what going on or data even knowledge to make all of them keep up with the era which is always change and move ahead. Some of you maybe may update themselves by looking at books. It is a good choice to suit your needs but the problems coming to a person is you don't know what type you should start with. This Dragonfly: An Epic Adventure of Survival in Outer Space is our recommendation to cause you to keep up with the world. Why, since this book serves what you want and wish in this era.

Royce Woods:

Do you like reading a guide? Confuse to looking for your selected book? Or your book had been rare? Why so many issue for the book? But any people feel that they enjoy for reading. Some people likes reading through, not only science book but also novel and Dragonfly: An Epic Adventure of Survival in Outer Space or maybe others sources were given know-how for you. After you know how the great a book, you feel need to read more and more. Science guide was created for teacher or students especially. Those guides are helping them to put their knowledge. In different case, beside science publication, any other book likes Dragonfly: An Epic Adventure of Survival in Outer Space to make your spare time considerably more colorful. Many types of book like here.
