Sibelius 6 Reference Manual

Sibelius 6 Reference Manual
A comprehensive guide to all of Sibelius 6's features! This reference manual is divided into nine chapters containing smaller topics: inputting, notations, text, playback & video, power tools, plug-ins, parts, layout & engraving, and files. You'll also find the index very useful for locating information on specific areas of the program; or you can check the visual index if you know how you want something to look, but you don't know what it's called. A glossary explaining musical and technical terms is also included.
