British Retail Consortium

BRC Global Standard for Food Safety Issue 6, North American edition British Retail Consortium
The BRC Global Standard for Food Safety has been extensively revised in consultation with senior representatives from major retailers and food service companies, ensuring that it continues to meet the requirements of manufacturers and retailers. The Standard was first introduced by the BRC in 1998 and now has almost 14,000 certificated sites in over 100 countries across the world. Issue 6 places increased emphasis on good manufacturing practice, including a change in the balance of the number and depth of requirements in favour of the implementation of good manufacturing systems within the factory and greater focus on standardising best practices for auditing the Standard.
