'These books could be useful for working with a class where children with Asperger's are to be included. Staff would be reminded very powerfully of the young people's feelings and fears in being in class and school and how they will cope. The books could prompt discussions in class to help other pupils to understand more and, one hopes, target less children who are going to be different.'

- Rostrum

Alex's younger brother Nic never seems to be able to get anything right. He even invites Brianna Santos the girl Alex likes over when Alex is goofing around in his geeky pyjamas. But Alex never forgets what a special person Nic is.

Wishing on the Midnight Star presents the sibling's view of the joys and frustrations of having a younger brother with Asperger Syndrome, with insights into the daily adventures of an AS family, and the positive coping, and loving strategies they have evolved. It is an engaging and amusing teen love story that will appeal to older and younger kids.
