This book provides an easy to understand, step-by-step approach to installing, configuring, and using WP e-Commerce to run your online store. We will construct an example store in the book with enough information and flexibility to adapt the store to your specific needs. This book is for you, if you are interested in using WordPress as the basis for a store that can sell physical items, downloads, or services. It is ideal for a sole proprietor or small business owner with only basic, in-house technical skills. Some prior knowledge of WordPress will help, but is not required. No knowledge of PHP is expected, but it will also be helpful.
